DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification: pages 1 and 2 have been replaced with the attached pages 1 and 2.

REASONS FOR ALLOWANCE

Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance:

Independent claims 1, 11 and 17 are allowed because the prior art record fails to teach a scheduler, scheduling method, or computer program product for implementing scheduling with a first indicator for counting the number of flows being chained to a physical entry, a second indicator for indicating when the first indicator is saturated, and during de-chaining of flows, using the second indicator to determine when the first indicator is accurate to anticipate the end of a chain of flows.

Claims 2-10, 12-16 and 18-20 are allowed because they are dependent on claims 1, 11 and 17 respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
